Core profiles are detailed in this brochure.
If your requirements are bespoke please get in touch.

Why choose wrapped MDF for your interior mouldings?

- Easy to cut and install
- Resistant to warping and swelling
- Free from defects and knots
- Match to wooden flooring or doors
- Moisture resistant
- Low maintenance
- Consistent colours and quality
- Wide range of finishes available
- Affordable

Private House
Coleraine, Northern Ireland

“

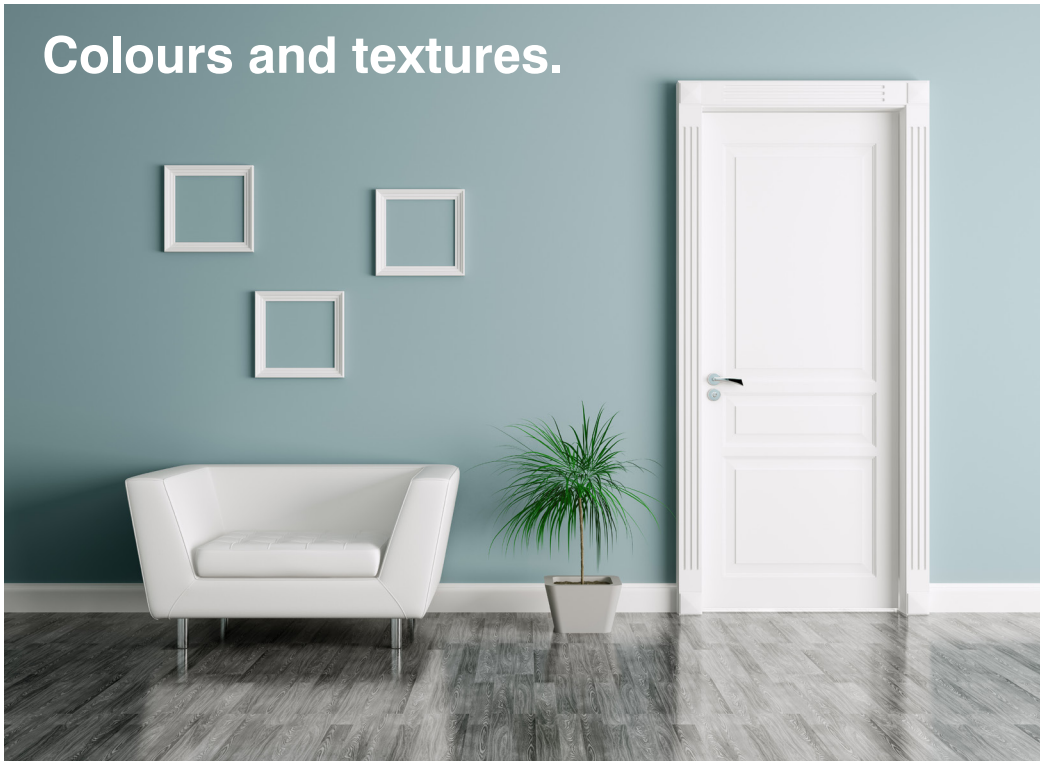

There's very little work to do on the SAM Wrap. The finish on it when they applied the lacquer was just amazing. The decorator could not believe that it wasn't actually real oak.”

”

SAM manufactured skirting board, architrave and sill board for a 2,800 sq ft private house in a rural area of outstanding natural beauty. The owner wanted to build a new home that would allow the family to enjoy the beautiful views on offer but also preserve the essence of the area in its internal styling.

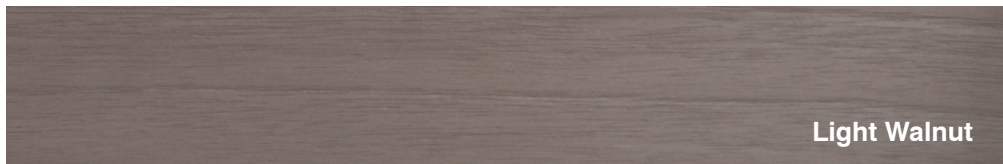

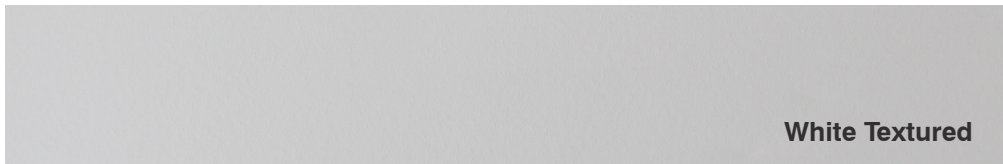

Using SAM Wrap meant that she could install white oak veneer products that complemented the oak timbers used in the house's kitchen, living room and dining room. This allowed her to choose design features that would have been out of her budget if they were made from hardwood.

Colours and textures.

PVC wrap

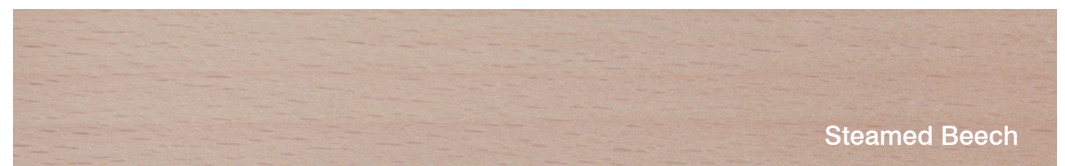

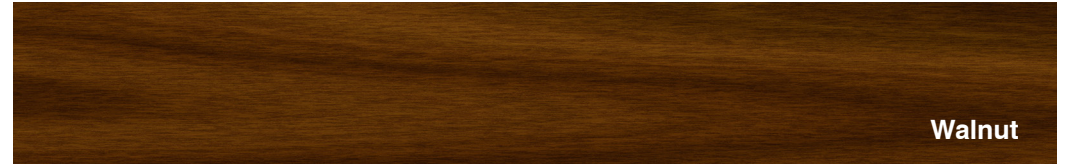

SAM Wrap PVC is available plain and in woodgrain and can be embossed or textured. High gloss finishes can also be supplied.

Other PVC options are available on request. If you have bespoke requirements please contact the SAM internal sales team.

Veneer wrap

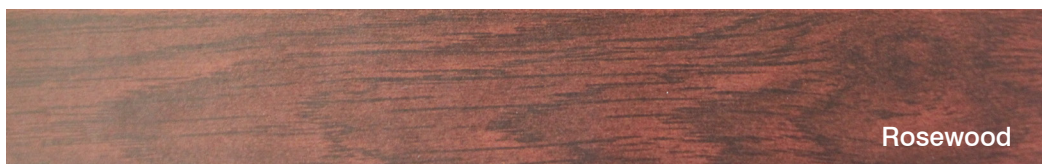

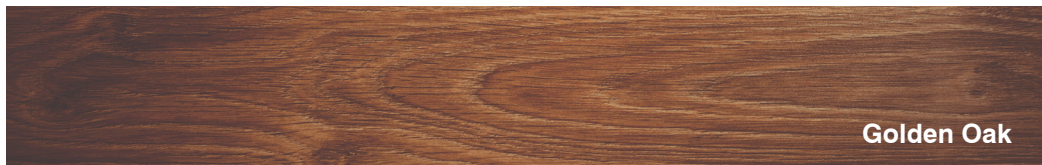

SAM Wrap veneer offers the look and feel of real wood. It is available pre-lacquered in various sheens or can be supplied unfinished and ready to be varnished.

Veneer wrap is FSC® certified. Other veneer options are available on request. If you have bespoke requirements please contact the SAM internal sales team.

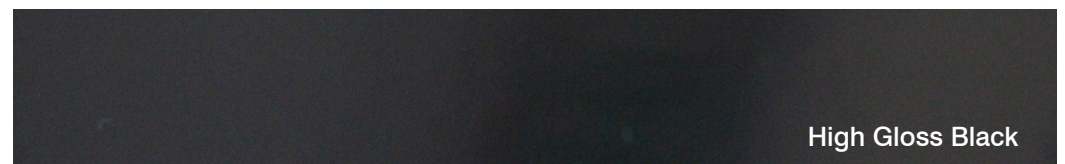

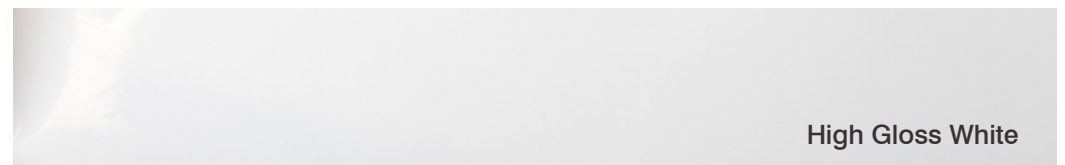

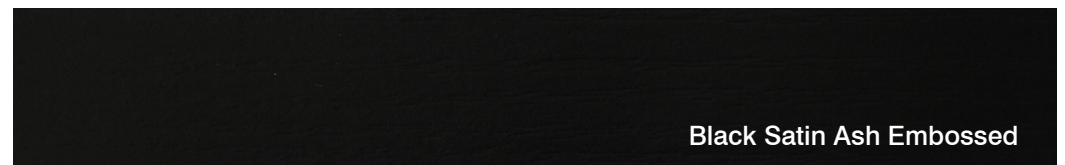

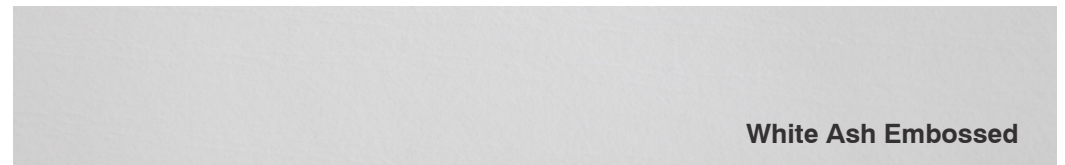

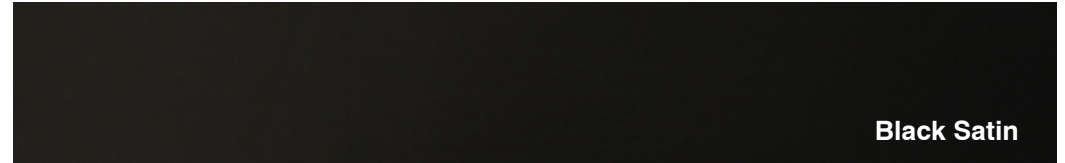

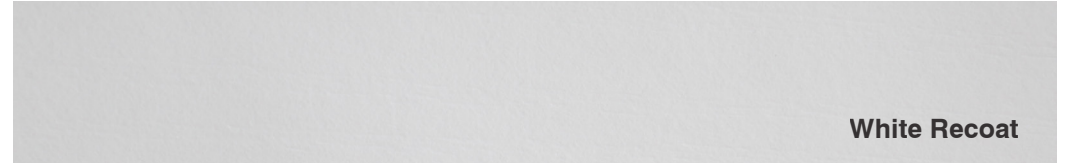

Paper wrap

SAM Wrap paper is available plain and in woodgrain and can be embossed or textured. High gloss finishes can also be supplied.

Please be aware that the colours you see in this brochure may not be an accurate reproduction of the actual product. Please request a colour swatch before ordering.

Paper wrap is FSC® certified. Other paper options are available on request. If you have bespoke requirements please contact the SAM internal sales team.

Please be aware that the colours you see in this brochure may not be an accurate reproduction of the actual product. Please request a colour swatch before ordering.
