

CURRENT EXTERNAL SAM VACANCIES (DONINGTON)

PRODUCTION OPERATIVES (BEAM SAW & MOULDER)

Reporting to the Production Manager, you will be responsible for :-

- Manually setting and feeding machines to standard operating procedures and in a fast paced, manufacturing environment.
- Following a production schedule to achieve the time scales set and quality standards expected.
- Co-operate with fellow team members, and members of staff and management and contribute to a successful team.
- Complete all relevant documents accurately.
- Compliance of the SAM policies and procedures.
- Take part in meetings/teams/projects as required.
- Carry out all other duties as required.

To be successful you must:-

- You must have at least 6 months previous experience in manually setting machinery.
- Experience of lathes, beam saws, mills, moulders and/or spindle moulders.
- Be fluent in written & verbal.
- Experience following a production schedule.
- Excellent numeracy skills.
- Be Target driven.
- **Previous moulder operations and the ability to read CAD drawings would be an advantage.**

Hours of Work : Rotating Shift:- 41.67 hours per week (week 1: 6:00am – 15:00pm, week 2: 14:00pm – 23:00 pm)

Application: Please contact HR Department for more info on hr@samonline.co.uk or call 028 9442 8288, opt. 5

Closing Date: Friday 20 September 2019 at 12:00 noon

If you are successful for an internal transfer, you will have a 6 month pay freeze immediately following the transfer on your current/existing rate before being assessed against you skill level within the new area.

We are an equal opportunities employer
